

Team Involvement in Demonstration

Date	07 July 2026
Team ID	SWTID-2026-2950
Project Name	Finrelief (AI Powered Debt Relief & Financial Recovery Platform)
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Sachin Singh	Team Leader	Introduction & API Architecture	Managed overall team coordination, oversaw API management, and presented the platform's core vision.	Active
2	Lakshay Jain	Full-Stack Developer	End-to-End Technical Demo	Built both the frontend and backend modules, walked through the live code, and recorded the entire project demo video.	Active
3	Romit Sogra	UI/UX Designer	Design System Walkthrough	Developed the user interface/experience flows and co-authored the project documentation.	Active
4	Deepak Sharma	Research Analyst	Problem Scope & Future Outlook	Conducted foundational research on debt recovery frameworks and assisted in creating the final project documents.	Active
5	Sushil Kumar Bairwa	Technical Writer	Project Report Overview	Focused entirely on drafting, reviewing, and structuring the final submission documentation.	Passive

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Sachin Singh
Overall Team Coordination Rating (1-5)	5
Any issues during demo	The backend connection failed right before testing because the local Python .env environment variables were mismatched during settlement.
How issues were resolved	The team quickly updated the configuration keys inside the .env file and ran an immediate test script to restore the API management pipeline seamlessly.
